Dear Coby,

Thank you so much for your kind donation and support for the animals in Bali.

BAWA's teams on the ground continue to work tirelessly responding to treating, medicating, feeding, rescuing, rehabilitating, as well as advocating for sick, injured, abandoned, and suffering animals every day.

BAWA do all of this while also running sustainable programs such as sterilisation, education in schools teaching children about kindness and care for animals, and working with local communities and governments to improve welfare and protections for animals in general.

As a non-government funded organisation, all of BAWA's work is powered by donations and it is only thanks to the incredible support of compassionate and generous people like you that they are able to do this.

With this one simple gesture, you have made an instant difference and we appreciate your kindness more than you know, and we are so grateful to have you with us on our mission to make Bali a better place for the animals.

With kind regards,

Paula Hodgson
